<p>Nomination</p> <p>To help the judging panel, the judges would like to see a nomination of one piece of work per student, this must include supporting photographs. The nomination for example could include design principals, materials work, process documentation and final product report. It would also be beneficial for the teacher to provide a background to any thought process the student went through as well as any challenges they faced. The more information gathered, the better. Our judges are determining the quality of work by the content of these nominations. 3 entries per category per school.</p>
